MACRO-SORB® Gro-MENO™ 5-0-0

Gro-Meno is a proprietary blend of nitrogen derived, in part, from protein hydrolysate, the material obtained by hydrolysis of proteins to their constituent amino acids and short polypeptides, and micro-nutrients formulated to prevent or correct nutrient deficiencies that may limit crop development during critical growing periods.

DIRECTIONS FOR USE:

Apply as directed. Apply 16 to 64 fluid ounces per acre during periods of demanding vegetative growth or nutritional stress such as budding, flowering, fruit set or fruit development. Applications may be repeated as needed every 7–14 days depending on the crop, stage of growth, and severity of deficiency. The maximum recommended rates are for mature plants. Use lower rates when spraying smaller plants. If you have any questions regarding mixing or application rates contact your Macro-Sorb dealer before using this product.

Limited Warranty: Seller offers for sale the product Gro-Meno. There are no warranties of merchantability of fitness for a particular purpose which extend beyond the description of the product in this label and liability of Seller is limited to replacement of any product which does not meet these specifications. Suggestions for use and information on results obtained with its use are assumed by the manufacturer to be reliable. Since conditions of use are outside the control of Seller, the buyer is responsible for all results, including injury and damage stemming from the use of this product alone or in combination with other materials.

Information regarding the contents and levels of metals in this product is available on the internet at <http://www.aapico.org/metals.html>
Information concerning the raw materials composing this product can be obtained by writing to the Guarantor listed on this box, and referring to the batch number found on this container.

WARNING: Contains Molybdenum. The application of fertilizing materials containing molybdenum may result in forage crops containing levels of molybdenum which are toxic to ruminant animals.

WARNING: This product contains Boron. Use of the product on any crops other than those recommended may result in serious injury to the crop(s).

DANGER: Causes serious eye irritation. May damage fertility or the unborn child.

FIRST AID:

IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.

IF ON SKIN (or hair): Wash with plenty of soap and water. If exposed or concerned: Get medical advice.

Precautionary Statements:

KEEP OUT OF REACH OF CHILDREN. Do not eat, drink, or smoke when using this product. Obtain special instructions before use. Use personal protective equipment as required. Safety data sheet available on request. Use product only as directed.

Storage: Store in a well-ventilated space. Keep container tightly closed. Store in original container in a cool dry area.

Disposal: Dispose of contents/container in accordance with local/national regulations.
